

PRESS RELEASE

HEDNO clarifies that the power interruptions occurred within the last few days in the areas of Southeastern Attica are caused by the fire burst on Friday 12th of July 2013 in Lavrio substation and seriously damaged Network installations.

Works for damage restoration have immediately been initiated and are still going on with sustained efforts so as to restore the normal power supply in all areas.

During this period, new power interruptions might occur mainly within the areas of Markopoulo up to Lavrio area.

The following areas are mentioned indicatively: Kalivia, Lagonisi, Keratea, Saronida, Ag. Nikolaos, Anavyssos, Palaia Fokaia, Thymari, Legrena, Sounio, Lavrio, Thoriko, Feriza, Ag. Kontantinos, Siderina, Daskaleio, Kouvaras, Kaki Thalassa etc as well as the island of Kea (Tzia).

HEDNO makes any possible efforts so as to eliminate to minimum the disturbance caused to residents and professionals within the above mentioned areas during this period.
