

## PRESS RELEASE

### **Inauguration of the HEDNO new proprietary building in the Mesogeia Area**

On Sunday 31<sup>st</sup> of March 2013, the inauguration of the new HEDNO proprietary building took place in the area of Mesogeia at the 2<sup>nd</sup> km of Markopoulo-Koropi Regional Road.

The building was constructed on a field of approximately 13 acres owned by PPC Group and consists of 2,500 m<sup>2</sup> office areas in two floors, 200.00 m<sup>2</sup> warehouses and 875.00 m<sup>2</sup> basement area for archives and mechanical equipment with the purpose to improve significantly the provision of services to 250,000 consumers of Medium and Low Voltage Network of the area.

The Mesogeia Area is one of the seven regions of the HEDNO Attica Region Department and is competent for the region of East Attica which includes 9 Municipalities of 1,000 Km<sup>2</sup> area, as well as the islands of Andros, Tinos and Kea.

The President & CEO of HEDNO, Mr. Georgios Kollias, in his speech, mentioned that, among others, the main goals of the company are the further upgrade of the power supply quality and service provision to customers, sufficient and on time development of the Network and care for its modernization and its economic quality, introduction of new technologies (Smart Grid and Smart Metering), the development of new IT systems ERP and GIS for customers, the assurance of equal and transparent access of all interested Consumers, Suppliers and Producers to the Electricity Networks and the Retail Electricity market, as well as the active participation and presence in European and International activities related to electricity networks.

Representatives from the local Municipal Authorities, political parties, local bodies as well as executives of the Company honored the event with their presence.

*Photographs of the event are attached.*
