

ANNOUNCEMENT

Considering the relevant requests from companies to extend the deadline for offers submission of the Tender ND-207 for the pilot project "*Pilot Telemetry and Management System for the Electric Power Supply Demand by Residential and Small Commercial Consumers and Implementation of Smart Grids*", as well as the need for clarification of various points of the notice for request for tenders as a result of questions received but also of objections submitted on the tender procedure, we inform you that HEDNO is due to issue a Supplement to the Tender.

Therefore, the deadline for offers submission shall be extended. The exact date will be announced with the publication of the Supplement to the Tender in January.
