

## ANNOUNCEMENT

Taking into consideration, both newer requests from companies for extension of the offers submission date (3/11/2014) for Tender ND No 207 of the project “Pilot Telemetering and Management System for the Electric Power Supply Demand by Residential and Small Commercial Consumers and Implementation of Smart Grids”, and the need for determination of appeals in the objections submitted on the Tendering procedure, we inform you that HEDNO is expected to issue a new Supplement to the Tender.

Therefore, the offers submission date is expected to extend to the end of the year. The exact date will be specified with the announcement of the Supplement to the Tender, during October.

**Athens, 10<sup>th</sup> of October 2014**
