

## Announcement

### **Indicative schedule of alternate electricity cuts in Kos - Kalimnos**

Following the previous update on the damage caused on the PPC Units at the Kos Autonomous Generation Stations and the temporary decline of production due to the extreme high temperatures, HEDNO would like to announce that for today, 6 August 2021, between 15:00 and 24:00, short, one-hour alternate electricity cuts have been scheduled to ensure the smooth running of the electricity system.

HEDNO would like to express our regret for the inconvenience caused and thank all consumers in advance for their active participation in the effort to restrict consumption.
