

## Press Release

### The works for the restoration of the electricity supply are being completed in Northeastern Attica and Megara

HEDNO would like to inform consumers that the works for the restoration of damages to the Network in Northeastern Attica and in the area of Megara have largely been completed.

HEDNO's crews remain in the areas affected by the fires to restore the electricity supply for all consumers.

Residents of these areas that continue to face electricity supply problems are invited to immediately contact HEDNO at the free telephone service line 800 400 4000 or at 11500/211 1900 500.

HEDNO's Management extends warm thanks to all the technical staff and associates for their immediate and rapid response for the restoration of the extensive damages caused to the Network by the fires.
