## HEDNO warns consumers to avoid scams

HEDNO would like to draw consumers' attention to avoid scams by crooks who pretend to be employees of the Company in order to get their personal information on the occasion of the Power Pass financial support.

It is noted that HEDNO is not involved at any stage of the process for crediting the amounts to the beneficiaries of the Power Pass financial support and will never ask consumers to provide information related to their bank accounts (e-banking, IBAN, etc.).
