

PRESS RELEASE

HEDNO's Certificate for the Provision of Workplace Health and Safety Services

HEDNO's Health & Safety Division of the Occupational Health & Safety and Facilities Management Department received at the end of November ISO 9001:2015 Quality Management System Certificate.

The certificate was provided by TÜV HELLAS (subsidiary of the TÜV NORD Group) and has a validity period of three years.

Workplace Health & Safety issues are top priority for HEDNO. We have a zero accident vision which means we are providing ongoing training for all workers to ensure they are complying with all health and safety measures and regulations.

Driven by the compliance to all European and international standards, HEDNO continues to strive for process optimization and the use of best practices in Workplace Health & Safety which is pivotal to our company's sustainable development strategy.
