

ANNOUNCEMENT

HEDNO would like to express its condolences to the families of the victims killed in the violent storm that swept across Halkidiki.

Our crews reacted immediately to these extreme weather events by recording damages and gradually restoring all accessible Network faults.

For the region of Halkidiki, HEDNO would like to inform all consumers that electricity problems in Sithonia are being gradually restored and that restoration will be complete almost in full by the end of this evening. Regarding Kassandra, our crews are working hard and closely with IPTO crews in order to ensure, upon completion of restoration for the high-voltage Network, reconnection of electricity for both medium and low voltage lines.

Regarding all other areas in northern Greece lashed by the storm, HEDNO would like to announce that damages have been restored in the urban areas in Thessaloniki, Alexandroupoli, Xanthi, Kavala, Drama, Serres, Kilkis, Edessa, Kozani, Katerini, Kastoria and Florina.

Limited electricity supply problems are currently affecting some areas in Komotini and Veroia.

HEDNO's Administration would like to thank all employees for their quick reaction and their hard work and effort to restore faults in the Distribution Network in order to reduce the inconvenience caused to the consumers.
