

ANNOUNCEMENT

HEDNO would like to announce to all users of the network that its crews are continuing to work hard in order to repair all damages that have been caused at the Network due to the severe weather conditions.

More specifically, today, Tuesday, 7 January 2020 and up until this hour, the crews are carrying out works for the repair of damages in Attica and specifically the areas of Kato Souli, Penteli (Monastiri of Agios Panteleimonas) and Ippokratios Politeia.

In the area of Thiva, repair works are progressing in the villages of Askri and Neochori, in the area of Aliveri in Ano and Kato Seta and the villages of Paramerites, Kremastos and Manikia and the villages of Cavo Doro south of Karistos Livadi, Kastri and Platanisto.

Finally, our crews are currently working to repair minor, isolated damages that have been caused due to extreme weather conditions in Antikithira, Kithnos, Lesvos and other islands of the Cyclades.
