

HEDNO

Communication

HEDNO urges all consumers to be aware of the potential risk posed by damaged Network components.

In light of the wildfires spreading across the country, HEDNO has been issuing warnings to residents in all affected areas, urging them to exercise extreme caution. Residents are advised to avoid approaching pipes, poles, or other Network components that are on the ground or visibly damaged.

If you encounter any damaged Network components, please report them immediately by calling HEDNO Fault Report at 800 400 4000 or contacting your nearest Police Station.
