

ANNOUNCEMENT

HEDNO would like to announce to the public of the Prefecture of Evia that after ceaseless efforts made by their crews and the successful reconnection of power supply of all central lines of the urban network at the afflicted areas since yesterday, today, Monday 10 August, the majority of the customers in the areas of Amarinthos, N. Artaki, Mitiko and Shimatari have been also reconnected.

Moreover, Network damages have also been restored in Kamaritsa, Politika, Kakoperato, Psahna, Vasiliko and Eretria. At this moment and until late this evening, 8 HEDNO crews and 4 extra crews from other subcontractors, a total number of 83 persons, continue the works for the reconnection of power supply of 9 substations in the area of Vasiliko, as well as the restoration of damages at the Network which supplies the villages of Theologos, Mistros, Gerontas, Pournos, Skounteri and Mavropoulo.

The technical staff of HEDNO and our subcontractors will remain in the afflicted areas in order to continue, from tomorrow, early morning hours, the works for the full reconnection of power supply for all consumers.
