

ANNOUNCEMENT

HEDNO would like to announce that today, this Monday afternoon, 15 February 2021 and until this hour, electricity issues due to the severe Medea weather system are currently afflicting the following areas:

In Attica, in some parts in the areas of Varibobi, Aspropirgos, Avlona, Malakasa, Dionysos, Drosia, Agios Stefanos, Anoixi, Kalamos, Markopoulos Oropoum Ekali, Pikermi, Rodopoli and Stamata. The damages have been mainly caused by the fall of a large number of trees on the Network, while the crews of HEDNO and other partner contractors remain prepared to remove them and restore the damages as soon as possible.

In the rest of the country, in Northern Evia, the mountain villages of Istiaia and the coastal villages of Limni and Mantoudi remain disconnected from electricity. Electricity problems have also afflicted Chalkida, the villages of Vathi and Drosia and the villages of central Evia towards Agios Ioannis Rosos and in Karistos at Cavo Doro while several local damages have also occurred in Atalanti.

The bad weather has caused electricity issues in the Pilio villages of Katigiorgis, Liri, Mourtia and Katichori, the villages of Agios Dimitrios and Gavrina in Karpenissi, the Thiva villages of Agios Vasileios and Kalamaki. Settlements at Argithea in Karditsa, at a few villages of Eastern and central Zagori, two villages in the municipality of Pagoni as well as in Mesopirgos, Arta.

At the Region of Macedonia-Thrace and the islands, there have been no significant electricity issues.

Regarding the supply to Sporades, the crews of HEDNO, in cooperation with the Fire Services and the Regios of Thessalia, are really struggling under very difficult circumstances to reconnect them to electricity by continuing until this very hour efforts to access the parts of the Network that have been damaged due to the fall of trees.
