

ANNOUNCEMENT

HEDNO provides constant updates on the problems that have been caused at the Network due the Medea weather system and would like to announce that all technical staff in Attica, approximately 440 persons, are continuing restoration works at areas with electricity problems, namely at the Northern Suburbs of the Prefecture.

More specifically, damages have been so far restored at 15 Medium Voltage lines out of a total number of 43 damaged lines, at part of the areas of DIonysos, Agios Stefanos, Marousi, Nea Ionia, Neo Psychiko, Palio Psychiko, Filothei, Papagou, Petroupoli, Kefalari, Politeia, Pefki, Vrilissia, Glikia Nera, Kato Kifisia, Ekali and Nea Erithraia.

HEDNO would like to ask the public for their understanding while updates will be continuing as the works are progressing.
