

ANNOUNCEMENT

HEDNO would like to announce that its crews are progressing with the works at the Medium Voltage lines in the areas of Ekali, Dionysos, Agios Stefanos, Krioneri, Anoixi, Drosia and Kalamos for the reconnection of electricity for another 3,500 houses.

Please note that the heavy snowfall that affected areas at the Northern Suburbs is still causing the fall of trees due to the high volume of snow.

HEDNO would like to ask all citizens who are still dealing with electricity problems in the areas that suffered network damages, to contact the Company immediately for the examination of any individual damages.

HEDNO can be contacted by phone on 11500 or 2111900500, via the MyDEDDiE app for Android and iOS phones or through HEDNO's website [Online Damage Report Form](https://deddie.gr) (deddie.gr)
