

ANNOUNCEMENT

HEDNO would like to announce that after the restoration of the Medium Voltage Network, crew works at the Low Voltage Network have also been completed at the areas of Agios Stefanos, Drosia, Anoixi, Dionysos, Ekali and Kifisia.

Please note that today, at the afflicted areas of the Northern Suburbs, scheduled cuts are taking place in order to replace and fix several elements of the Network.

In order to ensure that all houses have been reconnected to electricity, consumers who are still facing problems shall **contact the Company by phone at 11500 or 2111900500.**

HEDNO's crews remain at the afflicted areas for as long as necessary, in order to immediately take action in the case of problems.

HEDNO would like to apologize to all consumers for the inconvenience caused by this extreme weather phenomenon and warmly thank all technical staff and employees, as well as the Fire Service, the Armed Forces, the Civil Protection, all Municipalities and Regions, for their aid in this battle fought to restore the severe damages caused by Medea.
